Add mixed numbers with related denominators

I can… rename and combine whole and fractional units.

Two boards measure 1 3/4 m and 2 3/8 m.

1 3/4 = 1 6/8

1 6/8 + 2 3/8 = 3 9/8

= 4 1/8 m

9 eighths include 1 whole and 1 eighth. The sum is a little more than 4 meters.
