Subtraction: rename before subtracting

I can… rename units to explain subtraction across zeros.

Rename 4,002

Thousands	Hundreds	Tens	Ones
4	0	0	2
3	10	0	2
3	9	10	2
3	9	9	12

Now subtract 1,786

Thousands	Hundreds	Tens	Ones
3	9	9	12
– 1	7	8	6
2	2	1	6

4,002 – 1,786 = 2,216

Check the value

2,216 + 1,786 = 4,002
