Elapsed time across the hour

I can… find elapsed time, start time, or end time across an hour.

Find the elapsed time

A club starts at 2:45 p.m. and ends at 4:10 p.m.

15 + 60 + 10 = 85 min = 1 h 25 min

Find another unknown

End time 4:10; duration 1 h 25 min.
Count back 1 hour to 3:10, then 25 minutes to 2:45.
