Subtract by renaming place values

I can... rename and decompose numbers to subtract within 1,000.

Rename 503

503 = 400 + 90 + 13

Subtract 268 by units

(400 – 200) + (90 – 60) + (13 – 8)

200 + 30 + 5 = 235

Check by addition

235 + 268 = 503
